TOKEN USE-CASE

- $imgnAI is our primary utility token that can be used to unlock "ImgnAI Premium" and mint NFTs.
- With ImgnAI Premium, holders will be able to use $imgnAI tokens to access a range of enhanced features and services on the ImgnAI platform.
- All $imgnAI used to unlock/purchase features or NFTs is immediately burned to the dead address, making the token deflationary through utility.
- Staking: Lock-up to earn revenue share
